

## MATHS CLUB REPORT

Mathematics is described as “The queen of science and the king of art”. Siddhabhoomi international school have introduced the ‘Maths Club’ for functioning fun based activities for the primary classes basically to eradicate their phobia for the subject in their formative years. It helps the middle school children to enjoy, appreciate and acquire basic knowledge of the subject by originating competitive group activities and puzzles.

We organized math club in our school Siddhabhoomi International School Sidhi in the presence of Hon’ble director Er. R.B. Singh, Principal of school Mr. Jayan Vargheese V , our teaching staff and student of Grade 1 to 9.
